NORTHEASTERN **PENNSYLVANIA**

SPRINGVILLE.

Springville, Aug. 5. - Mrs. Mollie Brundage and children, of Syracuse, N. ., are visiting at the home of Mr. G. P. Stang and wife. Mrs. Brundage be fore her marriage was one of our most successful school teachers.

The Citizens band has been hired to furnish music for the grangers' picnic at Lake Carey, August 22.

The third annual reunion of the surviving members of Company C. Two Hundred and Third regiment, Pennsylvanta volunteers, will be held at the home of Asa Stevens, at Lake Carey, the first Thursday in September.

Camp meeting will soon be on deck the date fixed for its beginning being the 23d of the present month. Mrs. J. H. Mitchell was sick all of last week, but at present is somewhat improved.

Charles A. Giles attempted to ride a horse from the house to the field one day last week, when the animal became unmanageable and threw him. When picked up he was unconscious, but soon came to again. He was quite badly bruised, but no bones were

Our barber is to decorate his place of business with a new sign. Theodore S. Kellogg, esq., is a great lover of horses, and last week pur-

chased a new one. Stuart Riley has so far recovered from his sickness as to be able to partially attend to his regular business at the store.

Alfred L. Risley still hovers between life and death with the chances about equal. He has been sick six weeks. His brother Odd Fellows are caring for him nights the most of the time.

The two lodges of Odd Fellows and

Rebekahs here are talking of holding a picnic in the near future.

Bandmaster J. W. DeWitt is with the

band, giving them instructions and also working up the band fair, which they propose holding early in Septem-

Philander Stevens, of Elk lake, died Saturday of a complication of diseases and old age. He was well-known in this vicinity, and was a good man. Relatives living here attended the funeral, which was held at his late bome. Of his immediate family, none

survive him except the widow. Mud Hollow nine crossed bats with a Springville nine Saturday on the grounds here. The visitors made a good start and had several scores to their credit when the inning changed, but at the close of the game the score stood 25-11 in favor of the home team.

At the bail same Saturday, Sam Barber had filled his tank with too much tanglefoot and became noisy, and was taken in tow by Constable Tuttle. He resisted, and for a time a free-forfight seemed to be on the programme, the friends of Tuttle rushing to his aid, and the other fellows doing the same. Barber was rushed off the grounds, however, and the other toughs backed down and the melee ended. Mrs. Lizzie Roberts and two children

and Mr. and Mrs. Jones, of Pittston, are visiting A. B. Tuttle and wife. On Tuttle's brother's wife Mrs. Stone, came up from Scranton. Constable Tuttle and son, Laverne, are building a barn for T. H. Baker in Dimock, near the car o ground,

The Ladies' Ald society held a business meeting Friday and decided to repaint the Methodist Episcopal church and a committee was appointed to take charge of the work and solicit bids.

next Sunday.
Tomorrow closes the hottest and most exciting factional contest that ever took place among the Republicans of Montrose borough. Both sides continue to profess confidence and doubtless will do so to the last. Were it not for the threatened attempt to vote a large number of Democrats, it might be possible to make an approximate forecast of the result, but with this unknown quantity entering into the contest it is folly to predict. The result in the county will without doubt be a victory for Congressman C. F. Wright.

THE MARKETS.

Wall Street Review.

New York, Aug. 5. Speculation today be-trayed a yielding isindexicy from the opening till the closing of business. Resoltant tosees min from 2 to 5 points for the stocks most actively dealt in and including leading members of all the principal groups. Occasional radies were mavailing in checking the steady stream of liquidation and the professionals utilized every temporary recovery to put out additional short lines of stock. Western and Pacific stocks been built of the selfing in the railward quarter, while I nited States steel and Sugar were in the van in the downward movement of the specialties. The failure to effect a settlement of the stocks break in the downward movement of the specialties. The failure to effect a settlement of the steel strike on Saturday prepared operators for a resumption of liquidation in the taited States Steel psaies at the opening of business today. First sales of the common were aftern thousand shares at from 41 down to 40%, which about measured the low point until well in the afternoon, when it sagged to 10. Intermediate transctions were on a narrow fractional pange, but the fact that the stock was well backed up around forty did not exert any strongthening effect on the general market. The closing price was the lowest of the day and indicated a net loss of 3% points as compared with Saturday's close. The preferred stock suffered an extreme loss of 3% and ended 3 points off. The specialtion of the day hinged on the developments in the strike situation and the street was inclined to view the failure to reach an agreement as foreshadowing a highly sensational market for the New York, Aug. 5. Speculation today ! tion of the day hinged on the developments in the strike situation and the street was inclined to view the failure to reach an agreement as foreshadowing a highly sensitional market for the stock for awhile. Other metal preperties sorred marked sympathetic losses, Tennesse Coul dipping 3½ and American Car Fornely preferred 4 points. Selling by the west continued in spite of reports of rain in various sections of the cornibelt and the publication of a large number of very satisfactory increases in railroad carnings for the fourth week in July. Sugar was a prominent feature all day and dropped 5½ to 13½, on sales by the protessionals, who argued that the forthcoming opposition would make large inroads on its carning capacity. But little news was circulated on account of the acute weakness of many stocks and the continuous selling was attributed in part to liquidation by holders who have become fixed out by the recent steady drop of prices. As the session drew to a close the pressure against the stock market were made in the final dealings. Reports were current that United States Steel common and preferred were to be held at 40 and 90 tespectively, but the preferred books to 85%. The immense dealings in the stocks were made within a range of a point comparing the opening and lowest prices of the day. Many railroad stocks covered a range of from 2 to 3 points in the same period. Total sales, 600,000 shares.

Railroad bonds were fairly active, but weak, in asympathy with stocks. Total sales par value, §2.250,000.

Luited States bonds were all unchanged on the last call.
